Oakley Area Health Services Directory

The organization and delivery of health care services have undergone rapid evolution in recent years. For many Americans, the cost of services and access to care are important issues. This certainly applies to many rural areas where communities have struggled to maintain affordable, quality health care systems. As economic forces and technical advances continue to change health care, it is more important than ever for rural community leaders and health care providers to work together to ensure affordable, sustainable health care systems.

In an effort to provide useful information resources to rural community and health care leaders, the Kansas Rural Health Options Project (KRHOP) has teamed with the Office of Local Government, a unit of the Department of Agricultural Economics and K-State Research and Extension, to develop this report as a component of the Kansas Rural Health Works program. KRHOP is a partnership of the Office of Local and Rural Health at the Kansas Department of Health and Environment, the Kansas Hospital Association, the Kansas Board of Emergency Medical Services and the Kansas Medical Society. KRHOP is dedicated to assuring quality health care delivery in rural Kansas through the promotion of collaborative systems of care. Kansas Rural Health Works is supported by a federal grant to KRHOP (No. 5 H54RH00009-07-00) from the Health Resources and Services Administration, Office of Rural Health Policy.

This directory contains contact information for a variety of services available from the health care system located in Oakley, KS, which includes Logan County, the southeast portion of Thomas County and extends into western Sheridan and Gove Counties. The directory also includes hotlines and internet information for many kinds of services and information centers within the state of Kansas and across the United States. The Office of Local Government thanks the members of the Oakley Health Area Steering Committee for their efforts in creating this directory.

The Office of Local Government welcomes any questions, comments or suggestions about this report or any of their other services. Contact your county Extension office or:

**Kansas State University Agricultural Experiment Station and Cooperative Extension Service,
Manhattan, Kansas.**

It is the policy of Kansas State University Agricultural Experiment Station and Cooperative Extension Service that all persons shall have equal opportunity and access to its educational programs, services, activities, and materials without regard to race, color, religion, national origin, sex, age or disability. Kansas State University is an equal opportunity organization.

Issued in furtherance of Cooperative Extension Work, Acts of May 8 and June 30, 1914, as amended. Kansas State University, County Extension Councils, Extension Districts, and United States Department of Agriculture Cooperating, Fred A. Cholick, Dean, College of Agriculture.
